Question:	19697: Bid Item 715-4-14 suggests these poles are per the current 17515 index, however the wind speed of (130 Mph) is not per the current 2017-2018 index. Based on previous winds speeds (110mph) for Columbia and Madison counties, the current wind speed should be 120 mph. Please advise if these poles should be built per the current 120 mph Columbia/Madison wind speeds or custom designed to 130 mph.	Posted:	10/3/2017 1:01:55 PM
